PLEASE CAREFULLY READ THE SEPARATE HEALTH AND SAFETY PRECAUTIONS BOOKLET INCLUDED WITH THIS PRODUCT BEFORE USING YOUR NINTENDO® HARDWARE SYSTEM, GAME PAK OR ACCESSORY. THIS BOOKLET CONTAINS IMPORTANT HEALTH AND SAFETY INFORMATION.

IMPORTANT SAFETY INFORMATION: READ THE FOLLOWING WARNINGS BEFORE YOU OR YOUR CHILD PLAY VIDEO GAMES

WARNING - Seizures

- Some people (about 1 in 4000) may have seizures or blackouts triggered by light flashes or patterns, such as while watching TV or playing video games, even if they have never had a seizure before.
- Anyone who has had a seizure, loss of awareness, or other symptom linked to an epileptic condition should consult a doctor before playing a video game.
- Parents should watch when their children play video games. Stop playing and consult a doctor if you or your child have any of the following symptoms:

Convulsions

Altered vision

Eye or muscle twitching

Involuntary movements

Loss of awareness

Disorientation

To reduce the likelihood of a seizure when playing video games:

1. Sit or stand as far from the screen as possible.
2. Play video games on the smallest available television screen.
3. Do not play if you are tired or need sleep.
4. Play in a well-lit room.
5. Take a 10 to 15 minute break every hour.

WARNING - Repetitive Motion Injuries and Eyestrain

Playing video games can make your muscles, joints, skin or eyes hurt after a few hours. Follow these instructions to avoid problems such as tendinitis, carpal tunnel syndrome, skin irritation or eyestrain:

- Avoid excessive play. It is recommended that parents monitor their children for appropriate play.
- Take a 10 to 15 minute break every hour, even if you don't think you need it.
- If your hands, wrists or arms or eyes become tired or sore while playing, stop and rest them for several hours before playing again.
- If you continue to have sore hands, wrists or arms or eyes during or after play, stop playing and see a doctor.

WARNING - Battery Leakage

Leakage of battery acid can cause personal injury as well as damage to your Game Boy. If battery leakage occurs, thoroughly wash the affected skin and clothes. Keep battery acid away from your eyes and mouth. Leaking batteries may make popping sounds.

To avoid battery leakage:

- Do not mix used and new batteries (replace all batteries at the same time).
- Do not mix alkaline and carbon zinc batteries.
- Do not mix different brands of batteries.
- Do not use nickel cadmium batteries.
- Do not leave used batteries in the Game Boy. When the batteries are losing their charge, the power light may become dim, the game sounds may become weak, or the display screen may be blank. When this happens, promptly replace all used batteries with new batteries.
- Do not leave batteries in the Game Boy or accessory for long periods of non-use.
- Do not leave the power switch on after the batteries have lost their charge. When you finish using the Game Boy, always slide the power switch OFF.
- Do not recharge the batteries.
- Do not put the batteries in backwards. Make sure that the positive (+) and negative (-) ends are facing in the correct directions. Insert the negative end first. When removing batteries, remove the positive end first.
- Do not dispose of batteries in a fire.

Game Overview

Race through 32 different tracks in a choice of suped-up muscle cars, against another player (via Multi-Pak Link) or the computer controlled racers.

Along the way you can collect pick-ups to upgrade your vehicle to give you that extra advantage. Watch your temperature gauge as these cars generate a lot of heat - water pick-ups will cool you down.

Getting Started

1. Make sure the POWER switch is in the OFF position.
2. Insert the Demon Driver Game Pak into the Game Boy® Advance slot as described in your Nintendo Game Boy® Advance instruction manual.
3. Turn the POWER switch ON. An intro sequence will begin automatically.

WARNING: Never try to insert or remove a Game Pak when the power is ON.

Multi-Pak Link

Here's all the information you need to link multiple Game Boy® Advance systems using multiple Demon Driver Game Paks.

NECESSARY EQUIPMENT

- Game Boy® Advance systems:
One system per player.
- Demon Driver Game Paks:
One Game Pak per player.
- Game Boy® Advance Game Link® Cable:
Two players, one Game Link® Cable.

LINKING INSTRUCTIONS

1. Make sure that the POWER switches on all of the game systems are turned OFF, then insert the Demon Driver Game Paks into the individual Game Pak slots.

2. Insert the Game Link® Cable into the External Extension Connectors (EXT), on each of the game systems.
3. Turn each system's POWER switch ON.
4. Now follow the controller instructions.

* When playing with only two or three players, do not connect any game systems that will not be used.

Consult the diagram above when connecting Game Link® Cables to Game Boy® Advance systems.

Game Display

Controls

To navigate the menus use the + Control Pad to highlight the option and press the A Button to select that option. Pressing the B Button will take you back to the previous menu.

Controls during game:

Hold the A Button to accelerate.

Hold the B Button to brake/reverse.

Press START to access the Pause Menu.

Tracks and Cars

GT:

This car is fast and handles well.
A very good all-round racer.

Dune Buggy:

Good fun to drive but does not do well
on turns. Quick acceleration due to
good power to weight ratio.

Tracks and Cars

4x4:

A very powerful engine delivers a high top-speed, but its weight gives it poor acceleration and handling.

Race Car:

With unrivaled power, handling, acceleration and speed, this is the ultimate racing machine.

Tracks and Cars

Race 32 tracks around the world in 8 different countries.

- Brazil: Good grip on tarmac through sandy desert.
- Kenya: Race through the plains on pavement and dirt-track.
- Russia: Cold climate racing. Watch out for ice.
- Artic: Ice and snow make for treacherous conditions.
- USA: Race through sandstone canyons.
- China: Street racing through Chinatown.
- Egypt: Racing on roads amongst the pyramids.
- France: Excellent conditions on challenging street circuits.

Pick-ups and Hazards

Repair

This repairs any damage sustained by your vehicle.

Money

Collect this to spend in the shop on upgrades.

Water
